Parents,

As we prepare for the start of a new school year, we wanted to update you regarding the availability and process for students to take virtual courses at Renaissance Charter School at Crown Point during the 2016-2017 school year. As a school of choice, we understand how important it is for us to provide a variety of curriculum and instructional options for our students. As such, we have integrated our own virtual courses into our curriculum that will be monitored and supported at our school center, by our own teachers. These "on-site" virtual courses are all state approved and will provide our students with multiple course options and direct support and monitoring by Renaissance Charter School at Crown Point teachers. All virtual courses are fully and completely part of the Renaissance Charter School at Crown Point educational program.

A complete list of virtual courses that Renaissance Charter School at Crown Point offers is available in the Front Office. These virtual courses will become part of our curriculum and instructional offerings for our students and families who have selected Renaissance Charter School at Crown Point as a school of choice. Since each course, traditional and virtual alike, are uniquely incorporated into our proven curriculum, virtual options are limited to our extensive list of courses. If you have any questions regarding virtual course offerings, you may contact Dr. Jessica Rafidi at 407-573-1080.

We thank you for choosing Renaissance Charter School at Crown Point as your school of choice, and look forward to an incredible school year!

Sincerely,

Parents,

With respect to charter schools, a June 27, 2013 Memorandum from the Florida DOE states, "...if a student has selected a full-time choice option within the school district, such as a magnet program [or charter program], the school district [or charter school] may condition the student's continued enrollment in that choice option upon maintaining full-time enrollment." This means that students who choose to enroll in Renaissance Charter School at Crown Point may only select from the virtual classes that we offer. Staying within our school's curriculum offerings will ensure that the student maintains his/her "full-time" enrollment status and will ensure that the student maintains integrity with the choice options offered by Renaissance Charter School at Crown Point

With these changes in mind, Renaissance Charter School at Crown Point is committed to offering a variety of virtual courses incorporated into our proven curriculum and supported on-site by Renaissance Charter School at Crown Point teachers. If you have any questions, please contact Dr. Jessica Rafidi for a list of available courses and the process for enrolling in a virtual course.

Sincerely,
